Who's talking about PCI?

University of Cambridge, Zool Dpt, 27 June 2019

Recent presentation of PCI @ Sevilla, SESBE Congress – 5-7 February 2020

New recommenders are nominated by current recommenders, with the approval of the Managing Board of the See:

The role of recommenders is similar to that of journal editors (find reviewers, obtain peer reviews, make published by or submitted to a journal.

Becoming a recommender?

PCI is a non-profit scientific organisation managing specific communities of researchers that review and archives, and, if appropriate, are reviewed and awarded a recommendation that publicly guarantees their

Once recommended by one or several PCIs on the basis of rigorous peer reviews, preprints become valid

archives like arXiv.org or bioRxiv.org).

PCI is a recommendation system that could replace the current evaluation and editing processes of
